

# Side Effect Management for Lung Cancer Patients

## Common Side Effects:

- Possible sore throat
- Difficulty swallowing
- Cough or increased cough
- Shortness of breath
- Loss of neck or chest hair
- Fatigue
- Redness or darkening of skin
- Decreased appetite

## Helpful Hints:

- If you have any questions regarding your chemotherapy, your nurse will help you be in touch with your medical oncology team.
- Rest frequently.
- Eat small frequent meals, rather than big meals.
- Start using lotion/Aquaphor to the treated area from the start of treatment.
